

1. Daily log at 8:00 AM

```
0 8 * * * date >> ~/mylog.txt
```

2. Backup music every Sunday 11:30 PM

```
30 23 * * 0 cp -r ~/Downloads/music ~/Documents/backup_music
```

3. Delete .tmp hourly

```
0 * * * * find ~/Desktop -name "*.tmp" -print -delete >> ~/deleted_tmp.log
```

4. Disable/Re-enable

Disable by adding # before the cron line in crontab -e.

After 5 minutes remove # to enable again.

Example:

```
#0 */2 * * * echo "Time for a break!"
```

5. Weekday 7:45 PM

```
45 19 * * 1-5 echo "Dinner Reminder" >> ~/dinner.txt
```
